

Vishnu.

Shibendu was hosted in a magnificent room with a spacious terrace, confronting vast and limitless ocean generating gigantic waves and roars of thousand lions! Waves were breaking on the shores and foams were rising high as if millions of French Champagne bottles were being opened simultaneously by the Un-nameable but with thousand names! Shibendu ran into reflexes from his brahminical cultural inputs and conditioning. Thus he had the vision of VISHNU standing enormously on the widespread waves, smiling at the shoddy little Shibendu! And strangely, such fantasies happened as being described below : ---

1. The ground (back) was **Brahma** (Existence).
2. At Manipur Chakra was **Kabir**.
3. At Padmanabha (naval) in the front was **Lahiri Mahasay**.
4. At Crown Chakra (Sahasrar) was **Shiva** : Laya or No-mind.
5. At Kutastha (Third Eye) was **Krishna** playing the flute.
6. At Right Eye was **Buddha**.
7. At Left Eye was **Mahavir** Jain.
8. At Kantha (Throat) was **Osho Rajanish**.
9. At Heart (Pran) was **Krishnamurti J**.
10. At Lungs (Apan) was **Krishnamurti U.G**.
11. At upper Right arm holding Conch-shell ("Sankhya") was Sage **Kapil** of Sankhya (Swadhyay) philosophy of Comprehension.
12. At upper left arm holding Sudarshan Chakra (Spinning Cutter) was Sage **Patanjali** of Yoga (Tapas) philosophy of Comprehension.
13. At lower right arm holding Gadaa (huge & heavy club) was Sage **Vyas** of Advaita Vedanta (Iswhar Pranidhan) philosophy of Comprehension.
14. At lower left arm was **Jesus Christ** --- overwhelming Compassion.
15. At Left leg was **Gorakhnath** : Inventor of innumerable techniques of physical yoga fitness programs, popularly known as Gorakh-dhandaa.
16. At Right leg was **Adi Shakaracharya** who travelled all over India establishing twelve Jyotirlingas and four Dhams which include Rameshwaram in extreme South India and Badrinath in extreme North India.
17. At Right feet was **Guru Nanak**.
18. At Left feet was **Meerabai**.

Guru Nanak and Meerabai were Bhakti (devotion) par excellence without a trace of Vibhakti (division).

Thus 18 chapters of Bhagwat Gita were in Vision as Vishnu.

Shibendu saw simultaneously Flip (an outstanding devotee from Netherlands) flowering into Life (Vishnu) as his gross body and the mind (also a material process) is collapsing into death as the ultimate consequence of the cancer phenomenon. Let kriyabans, all over the world, pray for him as stated below : ---

Shantakaram Bhujagashayanam
Padmanabham Suresham,
Vishwadharam Gagana Sadrisham
Meghavarnam Shubhangam.
Laxmikantam Kamalanayanam
Yogibhir Dhyanyagamyam,
Vandey Vishnum Bhavabhayaharam
Sarva Lokaika Natham.

JAI VISHNU JAI LAXMI
