

Dialogue with a devotee from Spain

An intense dialogue for over one hour took place over the phone with an ardent devotee who is also the co-ordinator of Spain. The synopsis is stated hereunder for contemplation : —

1) Let 'SPAIN' represent : —

SACRED PERCEPTIVE AWARENESS IN 'NO-MIND'.

This hints towards the holy advent of Life, Love and Light of the Division-free Awareness which is the Divinity inside our own Being of 'Is-ness' without any trace of 'I-ness'.

2) First verse of the first Upanishad, known as 'Isha Upanishad', is stated below. In this context, it is good to mention that Upanishads are also known as Vedanta. Ved means knowledge and Anta means Ending. Thus, Upanishads are invitations not to remain in the trap of borrowed knowledge from others, but transcend beyond to direct knowing (perceptions) by and for oneself.

Isha Vasyam Idam Sarvam,

YatKincha Jagatyan Jagat.

Tena Tyaktena Bhunjitha,

Maa Gridhah Kasyaswid Dhanam.

Divinity encompassing all this vast expanding universe which includes our planet Earth and its resources — wake up to this Life (Divinity) without the mind's greed ; and thus enjoy everything everywhere in the Holy Existence.

3) Energy is not related to age. It is related to an empty mind. Vanity & vested interests prevent a global outlook. Learning about reactions, brings about right responses. Life reveals Itself in Silence.

4) Meditate on the following notes contained in 'Time' Magazine dated December 25, 2017 (Holy Christmas Day) — January 1, 2018 (Joyous New Year Day).

a - **Annual budget** of the U.N. Office for Disarmament Affairs is **\$10 million**, which is less than the amount spent on nuclear weapons **every hour** by the Nuclear Powered Nations.

b - Number of human beings who would die in the **first half hour alone** of a full-scale nuclear war is **100 million**.

5) Let thinking end, for the unthinkable to begin. Let mentation end, for meditation to begin. Let 'I' be in non-action for insight to begin.
