Intense Message

Four Pointers from Lahiri phenomenon:

I - There exists abundant sorrow due to myth mind's various escapes through its cunning & hidden pursuits of gratifying pleasures in several subtle ways.

II - Divisive consciousness (mind) consisting of desire, fear, animosity, anger, dependency on belief-systems and the enormous conditionings thereby; are maintained in this dark corridor of opposites consisting of pleasure-sorrow syndrome.

III - It is possible to come out of this dark corridor of the mind and dance in the delight of Life-Love-Divinity.

IV - Tapah-Swadhyay-Ishwara Pranidhan (Kriya-Yoga)- the intense 3-days' Initiation program of the main Lahiri lineage is **the way - the wisdom.**

Jai Sages Kapil-Patanjali-Vyasa.
