Intense Communication to a Russian Lady.

My dear and respected Mariaji!

Respected because Maria (Mother Mary) is a process, not an ego-centre at all, as evident from perceiving the inner spirit of the Holy Bible. Love that flowered in her being manifested from Divine or Division-Free process without any trace of contamination from the mind and its carnality. That's why it was so wise on the part of the narrator of the Holy Bible to suggest that Jesus was born from Virgin Mary. The rationalists ridicule devout Christians by commenting: "If Christians can believe in the virgin birth of Jesus; they can believe in any nonsense", — further asserting that Christianity is the worst gullibility on this planet.

Love from Guru process-energy may not please be converted into the longings of your mind imagining that Guruji will enable you to settle down in Satyalok temple or elsewhere along with your son and daughter in order to enable yourself to remain close to him. Guruji is always close to devotees who are in a state of surrender, in spite of geographical distances. There's no mind in his being except for performing daily technical tasks including writing this email.

So please be available to the inner journey of Insight — not the melancholy of the mind.

Jai Guru-process! Jai discipleship-process!

As ever yours,

Shibendu Lahiri

Jai Divinity in Mary, the Mother of Jesus
