**An Awareness in still-ness - that is - in timelessness.
This is Light, Love, Life Immeasurable.**

Only the dull mind worries ; is anxious, fearful and therefore, can never be still!

Understanding this is religion indeed!!

This is the state of Creation, of Life — without any concept-conclusion of shoddy little mind!!!

Peace then prevails and politicians, soldiers, lawyers, judges, businessmen; communists, socialists, etc. are not needed!!!!

Then we can live peacefully, not hating each other, not being envious, not seeking power, not pursuing competition!!!!!!

Only then peace, love, life, harmony, holiness prevails!!!!!!
