

Reality belongs to everyone, like Earth and Sky.
But not the 'Isms' like 'Hinduism', 'Islamism',
'Judaism', 'Catholicism', 'Capitalism', 'Communism',
'Marxism', 'Gandhism', etc. etc.

Be available to Reality—Life Sacred ; not to the
profane myths of mind - 'I', which has created this
monstrous wicked world with nuclear weapons
threatening all life on this planet.

Let us be most humble to realize the Supreme.
Self-knowing requires persistency, subtle
sensitiveness, detached observation of 'what is' from
moment to moment.
